## STUDENT'S FEEDBACK

### Feedback of Outbound

There are some experiences that makes a great impact in your life, similarly I had a memorable experience yesterday. Our college (Arka Jain University) organized a 'OUTBOUND TRAINING PROGRAM' for the first year students.

The outbound training program was an excellent initiative by the university to foster team building, leadership, and communication skills among students (and it really worked). The program was well organized, and the organizers were experienced and enthusiastic.

The program included a variety of activities, such as group challenges and problem solving exercises, which were fun. The scenic location added to the overall experience, providing a perfect backdrop for team building. The program allowed for self-awareness, it helped us to identify our strengths and weaknesses.

The outbound training program was a valuable experience that helped us to develop essential skills and bonds with our batchmates.

We appreciate the university's effort in organizing such initiatives and looking forward to more programs like this in the future.
