GRADE

It is hereby notified to all the students of the School of Pharmacy that an Expert Talk session on Pilot Plant & Scale up Techniques is going to be organized on 16th July 2024 at 11:15 am. Though the session will be benefited for B. Pharm 7th semester students but interested students from other semesters also can attain. The coordinators of the session will be Mr. Gowri Sankar Chintapalli, Mr. Barun Mandal and Ms Purnima Mahato.

EXPERT TALK ON "PILOT PLANT & SCALE UP TECHNIQUES"

Date of Event	16/07/2024
Name of the Event	Expert Talk On "Pilot Plant & Scale Up Techniques"
Type of the Event	Technical Skill Development
Conducted by	School of Pharmacy, ARKA JAIN University
No. Of Participant	58

OBJECTIVE: The session aims to prepare students for their future roles in the pharmaceutical industry and related fields. The objective of conducting an Expert Talk on Pilot Plant and Scale-Up Techniques was to include their role in the development process, their typical capabilities, and the different types of pilot plants used in various industries.

DETAILS: On July 16th, 2024, the School of Pharmacy at ARKA JAIN University hosted an expert talk on "Pilot Plant & Scale-Up Techniques" in a blended mode at the Block B Seminar Hall. This insightful and enlightening session was delivered by Mr. V. Anil Kumar from the Department of Pharmaceutics at GEIT School of Pharmacy, Rajahmundry, Andhra Pradesh. Mr. V. Anil Kumar's presentation addressed the technical and economic challenges associated with expanding processes from a pilot plant to a full-scale production facility. He detailed the objectives, significance, common challenges, and general considerations of pilot plant scaleup techniques. His talk covered crucial aspects such as personnel and space requirements, raw materials, relevant processing equipment, production rates, and the process evaluation of pharmaceutical dosage forms. A special focus was given to master manufacturing procedures, GMP considerations, the transfer of analytical methods to quality assurance, and pilot plant scale-up technologies. Mr. Kumar's presentation was clear, engaging, and highly informative, providing students with a comprehensive understanding of pharmaceutical industrial scale-up batches and post-approval changes. Students actively participated in the session, gaining valuable insights into the practicalities of pharmaceutical production. The event was expertly conducted under the leadership of Dr. Jyotirmaya Sahoo, Dean of the School of Health and Allied Sciences, with the support of Mr. Gowri Shankar Chintapalli, Miss Purnima Mahato, and the dedicated faculty members from the School of Pharmacy.

OUTCOMES: The expert talk on "Pilot Plant & Scale-Up Techniques" at ARKA JAIN University had several positive outcomes. It enhanced knowledge, provided practical insights, and contributed to professional development. The event also improved networking opportunities with industry experts and showcased the university's commitment to quality education and industry relevance. Additionally, it enhanced the leadership skills of the students. The talk inspired students to pursue excellence and remain dedicated to their professional goals. Overall, the event significantly benefited both students and the institution by enhancing educational quality, providing practical insights, and fostering professional growth.
