Type of Event	Awareness
Conducted by	School of Law

Objective: Gender sensitization is the process of creating awareness regarding gender equality issues and modifying the behavior and views that people hold about themselves and other genders. The aim is to foster a more equal and just society where individuals are not discriminated against based on their gender.

Details: A session on Gender Sensitization was organized by the School of Law, Arka Jain University, on 08th August 2024. The event was coordinated and organized by Assistant Professor Shreya Sonal from the School of Law. The session emphasized the importance of understanding and challenging existing gender roles, stereotypes, and biases prevalent in society. Gender sensitization is crucial in fostering awareness about gender equality and the need to eliminate discrimination. The discussion highlighted the importance of educating individuals about gender justice and gender-sensitive behavior, addressing gender disparities, and encouraging solutions through awareness campaigns, training centers, workshops, and educational programs. In the domain of Humanities and Social Science, gender sensitization is perceived as an awareness-informed disposition aimed at modifying behavior to be more sensitive to gender justice and equality. Participants were encouraged to reflect on their own perspectives and understand how societal norms shape gender biases, with a focus on fostering a progressive and inclusive environment.

Takeaway (Outcomes): Through this session, students gained a deeper understanding of gender equality, gender justice, and the need for behavioral shifts to create an inclusive society. They also learned about the importance of pursuing a BBA LLB program and how the integration of law and management plays a significant role in addressing gender-related issues within legal and corporate frameworks. The session successfully instilled awareness and critical thinking, encouraging students to challenge discriminatory practices and advocate for equality in both their professional and personal lives.
