Description

About Company:

The Jobaaj Group operates as a holistic ecosystem, catering to the needs of students and professionals alike. Their process begins with guiding students to identify their ideal career domain, followed by providing comprehensive training, hands-on in-house internships, and finally, facilitating placements. Leveraging their firsthand industry experience, acquired through direct involvement in the same sectors, they ensure tailored services that meet the unique needs of their clients.

Job Responsibilities:

- Develop and maintain scalable web applications using front-end and back-end technologies.
- Write clean, efficient, and reusable code.
- Design and manage databases, ensuring optimized queries and performance.
- Collaborate with designers, product managers, and other developers to create user-friendly applications.
- Implement security and data protection best practices.
- Integrate third-party services and APIs as needed.
- Troubleshoot, debug, and optimize application performance.

- Stay updated with emerging technologies and industry trends.

Working Hours: 9:30 AM to 6:30 PM, Monday to Saturday.

Location: Corporate Park, Sanjay Place, Agra.
