Company Profile

Yazaki is amongst top 11 global auto-component companies with global leadership in W/H having close to 30% market share. Along with wiring harness, Yazaki also produces power distribution management and electronic products, clusters, products for hybrid and electric vehicles and has a significant presence in the emerging trends of electrification and autonomous vehicles. In its 2017 financial year, Yazaki had a turnover of US\$ 18 billion, with more than 285,000 employees and operations in 46 countries.

YAZAKI INDIA

Yazaki India Private Limited is a wholly owned subsidiary of Yazaki Corporation and has 9 Locations, 11 plants and 3 Offices including technical center, with close to 21000 employees.

Yazaki India produces wiring harness and components of wiring harnesses (injection moulding). Yazaki India is now expanding and growing its presence in India adding new products like clusters, electronics and instrumentation products besides providing services to Global Yazaki requirements. After a strong effort to establish a profitable enterprise over the last 4 years, Yazaki India is now on a strong growth path and expects the same to accelerate over the next 3 to 5 years.
