The visit also allowed the students to witness firsthand the positive impact the orphanage is having on the children and support its ongoing operations.

#### DETAILS:

The visit to Sahyog Orphanage was organized by the School of Engineering as a part of their ongoing social responsibility initiatives. Initially scheduled for 31st January 2025, the visit was postponed to 3rd February 2025 due to unavoidable circumstances. The primary objective was to provide support to the children at the orphanage while promoting social awareness and empathy among students.

Accompanied by faculty members, including Prof. Taniya Ghosh, Dr. Anup Kumar, Dr. Chandraprabha Sahu, and Dr. Amit Prakash Sen, the students interacted with the children, engaging in playful activities and fostering a sense of companionship. The students had collectively gathered essential donations, such as clothes, milk, and biscuits, which were distributed to the children. These contributions aimed to meet their basic needs and ensure they had a bit more comfort and nourishment. The staff at Sahyog expressed sincere appreciation for the donations and provided the group with valuable insights into the orphanage's operations.

The visit was an enriching experience for all, offering the students and faculty a chance to witness firsthand the significant role the orphanage plays in the children's lives. It also helped them understand the daily challenges faced by such organizations. The event concluded with a reflection on the importance of social responsibility, fostering a strong

sense of duty among the students and staff to continue supporting such initiatives in the future.

This initiative not only supported the children of Sahyog but also strengthened the students' commitment to social causes, promoting values of empathy, kindness, and community involvement.
