JAMSHEDPUR

The Steel City of India / Pittsburgh Of India

Jamshedpur, also known as the Steel City of India/Pittsburgh of India, is the largest and the most populous city of Jharkhand and the first planned industrial city of India. It is regarded as the industrial capital of Jharkhand. It is home to a host of Tata companies, namely, Tata Steel, Tata Motors, Tata Power, Lafarge Cement, Tinsplate, Timken India, Telcon, TRF, Tata Bluescope, JAMIPOL, TAYO, Tata Technologies, Tata Hitachi, Tata Ryerson, Tata Pigments among others along with other leading industrial names. The city was the outcome of the vision of its founder Jamshetji Tata. The city is known for its greenery, cleanliness, planned layout, and has a rich cultural heritage. It is one of the first smart cities of India and was ranked as the fifth cleanest city of India in the year 2023. The city is consistently ranked among the best in India in terms of quality of life it offers. There is a varied and powerful industrial base in the Adityapur Industrial Area of the city, one of the largest industrial centers in India. The Adityapur Industrial Estate has been Asia's largest industrial hub for a while.

ARKA JAIN University, on the virtue of being a leading MEI of the region, has tie-ups with majority of the Tata companies, as mentioned above as well as with other regional and local industries, for the purpose of training, projects, internships, final placement and overall teaching-learning process. The University offers many programs in collaboration with industry players in different domains. This exhibits the unwavering commitment of the University of working with the leading industries of the city thus taking academe-corporate connect to the next level.

The founder of this majestic city, Jamsetji Tata, vouched for open spaces and areas promoting outdoor and sports activities. The city boasts of many well-kept and beautiful parks. Jubilee Park and Dorabji Park are worth paying a visit. The city has lots of tourist destinations to explore.

Nature lovers are in for a real treat with the following places to visit and experience nature first-hand:

- HUDCO LAKE
 - JUBILEE LAKE
 - DIMNA LAKE
 - DALMA HILLS

REPORT ON PHARMATEK 10

A two-day National Conference on Progressive Innovation in Research; Identifying Novel Ventures was organized by the School of Pharmacy, ARKA JAIN UNIVERSITY. The event was graced by Special Chief Guest, Dr. Manojkumar M Patel, President, Pharmacy Council of India, who emphasized the importance of Digital Learning and entrepreneurship & encouraged the pharmacy students to build startups in the pharmacy sector, thereby developing more personalized medicines. He also stated that the Digital Learning course will be initiated in pharmacy colleges in the upcoming years.

A crystal clear presentation was given by Prof.(Dr.) Papriya Mitra Mandal, Head, Department of Pharmaceutical Sciences & Technology, BIT Mesra, Ranchi on the topic "TSM, Brain and Gastrointestinal tract interconnection". An insight into the role of Vitamin K. Man used, feedback to present her presentation and it was easy to understand. I am fortunate that I got to learn something from her. The session would have been extended for some minutes.

FC Member P.C., Mr. Shyamendra Singh addressed the crowd with extreme happiness and admiration about the PC provided by highlighting the groundbreaking contributions of the dates. The former also shared some personal experiences & interactions with the dates, contributions in soft development, digital initiation, streamlined registration process & enhancement of facilitation.

The 2nd day of the session was graced by two special guests Prof. (Dr.) Binayit Khatun and Prof.(Dr.) Chitra Prasad, who discussed on the topic Drug targeting on nanosystem and the necessary steps in building startups in the pharmacy sector by integrating the pharmacy knowledge. The speaker's condition was described by the former in a simple manner & it made me recall my 2nd semester pharmacology, Epilepsy, a neuronal disorder. The overall session was simply laid out to understand. The former also explained that the blood-brain barrier (BBB) is a major hurdle in delivering the drug to the central nervous system (CNS) as the nanoparticles based delivery system is necessary.

Dr. Chitra Prasad, who emphasized on integrating the pharmacy knowledge & build startups that would make the drug-delivery approach very effective and faster, able to integrate AI & machine learning. Young minds are capable of solving the most problems related to modern drug delivery system. He also highlighted that there are several government & private schemes that support innovative ideas in healthcare & pharmaceutical sector. This would help the innovative minds to present their ideas and make necessary corrections if required.

The speaker also explained on showcasing recent topics and problems related to them & put more work on them. This would ultimately contribute to making a safer society, also collaboration with different pharmaceutical bodies is necessary for making up of our industries. It is necessary to bridge the gap between medicine & technology, because it's the only way improving patient outcomes.
