Mass drug administration

| | |
|----------------------------|-----------------------------------------------|
| Date of Event | 01.02.2025 |
| Name of the Event | MDA (Mass drug administration) program |
| Type of the Event | Extension Activity |
| Conducted by | National Cadets Corps |
| No. Of Participants | 29 |

OBJECTIVE:

To combat malaria by facilitating the Mass Drug Administration (MDA) initiative.

To raise awareness about malaria prevention, early diagnosis, and treatment.

To educate the community on the significance of malaria control efforts.

To mobilize community participation in reducing the burden of malaria.

DETAILS:

The Mass Drug Administration (MDA) and Malaria Awareness Program was organized by 8/37 BN NCC, Arka Jain University, with the objective of fighting malaria and raising awareness about its prevention and treatment. The event brought together healthcare professionals, community leaders, and volunteers to provide essential services to at-risk populations.

Activities:

Distribution of Anti-Malarial Drugs:

NCC cadets and healthcare professionals distributed anti-malarial drugs to individuals in areas with limited healthcare services.

The initiative aimed to facilitate access to essential medication for those at risk of malaria.

Community Awareness Sessions:

Informative sessions were conducted to educate community members about malaria transmission, prevention methods, and the importance of early diagnosis.

Demonstrations were held on the proper use of mosquito nets, insect repellents, and other preventive measures.

Interactive Workshops and Discussions:

Experts engaged with community members to answer their queries regarding malaria and its impact on public health.

Emphasis was placed on the role of hygiene and sanitation in controlling mosquito breeding.

Mobilization of Community Participation:

NCC cadets encouraged individuals to take an active role in malaria prevention by maintaining a clean environment.

Community members were motivated to seek early medical intervention in case of malaria symptoms.

TAKEAWAY (OUTCOMES):

The initiative successfully facilitated access to anti-malarial drugs, benefiting individuals in high-risk areas.

The awareness sessions empowered community members with knowledge about malaria prevention and treatment.

Active participation from both volunteers and the community reinforced the importance of collective efforts in controlling malaria.

The program contributed to reducing the malaria burden and improving public health by addressing both treatment and prevention measures.

The event highlighted the commitment of 8/37 BN NCC, Arka Jain University, towards national health initiatives and social responsibility.
