Bharti College of Pharmacy
Analysis report - On movie Dangal

As we all know in our college we were presenting the webinar and the topic was on movie Dangal. It was done on 4th of February 2025.

In this webinar so many important things we have gone through. Such as women empowerment, the real struggle and equality in sports.

The aim was to inspire and motivate the students. The change we want to see in our society.

This was the motivational movie. We learnt that we can reach our goal with rigidity and hard work. Now a days girls are equal to boys means this is equality.

In this movie we noticed the society accepts the changes very slowly. But if parents and mentor support, any one can find the destiny. With parents and mentor's help every and blessings everything is possible.

Thankyou.

Dangal, a Bollywood biographical sports drama film, tells the story of Mahavir Singh Phogat, a former wrestler who trains his daughters, Greta and Babita, to become international Wrestlers. Released in 2016, the film has been widely acclaimed for its portrayal of women's empowerment, gender equality, and the struggles faced by female athletes in India.
