### **NCC – Mass Drug Administration Program**

8/37 BN NCC ARKA JAIN University has always been recognized as a responsible and disciplined organization in every aspect. Its dedication and commitment towards the nation and its interest has always been a priority for the organization. 8/37 BN NCC ARKA JAIN University is organized a The Mass Drug Administration (MDA) and Malaria Awareness Program was organized with the aim of combating malaria and raising awareness about its prevention and treatment. The event brought together healthcare professionals, community leaders, and volunteers to provide essential services to the population at risk. Distribute anti-malarial drugs to at-risk populations . Educate community members about malaria prevention methods. Raise awareness about the importance of early diagnosis and treatment of malaria. Mobilize community participation in malaria control efforts. The MDA initiative facilitated access to anti-malarial drugs for individuals in areas with limited healthcare services, helping to reduce the burden of malaria. The MDA and Malaria Awareness Program served as a vital intervention in the fight against malaria, providing essential services and empowering communities to take proactive steps towards prevention and control. By addressing both treatment and prevention aspects, the program contributed to reducing the burden of malaria and improving the health and well-being of at-risk populations. Continued efforts and collaboration are necessary to build on the achievements of this initiative and work towards a malaria-free future.
