World Telecommunication Day

Date of Event	17.05.2025
Name of the Event	World Telecommunication Day
Type of the Event	Professional Skill
Conducted by	School of Engineering &IT in association of IIC, AJU
No. Of Participants	22

OBJECTIVE:

The objective of celebrating World Telecommunication and Information Society Day at Arka Jain University on May 17, 2025, is to raise awareness among students about the transformative role of telecommunications and digital technologies in shaping a connected, innovative, and inclusive society aligned with sustainable development goals.

DETAILS:

The celebration of **World Telecommunication and Information Society Day** at **Arka Jain University** on **May 17, 2025**, aims to create a meaningful and impactful experience for students by connecting them with the evolving world of communication and digital technology. The event is designed to **raise awareness** about the **transformative power of telecommunications**, including the Internet, mobile technology, satellite communications, and emerging digital platforms, in building a smarter, more connected world.

The initiative will focus on helping students understand how **digital technologies**—such as **5G networks**, **artificial intelligence (AI)**, **blockchain**, **IoT (Internet of Things)**, and **cybersecurity**—are revolutionizing industries, improving governance, and enabling inclusive access to education, healthcare, finance, and public services. The celebration will also emphasize how ICT (Information and Communication Technology) can be a **powerful tool to bridge the digital divide**, ensuring that marginalized communities are not left behind in the digital revolution.

Students will be encouraged to **explore innovations**, engage in **interactive sessions**, and participate in **tech-based competitions** or exhibitions that showcase the latest trends in communication technology. The event will also create a platform for discussions on **sustainable development**, focusing on how digital innovation supports the **United Nations Sustainable Development Goals (SDGs)**—particularly goals related to **quality education (Goal 4)**, **industry, innovation, and infrastructure (Goal 9)**, and **reduced inequalities (Goal 10)**.

By aligning the celebration with academic and career development, the university aims to empower students with the knowledge, skills, and vision to become active contributors to the global digital transformation.

TAKEAWAY (OUTCOMES):

The key takeaways of the World Telecommunication and Information Society Day program at Arka Jain University on May 17, 2025, include raising awareness about the impact of digital technologies on modern society, enhancing understanding of emerging innovations like 5G, AI, and IoT, emphasizing the role of ICT in achieving sustainable development goals, promoting digital inclusion to bridge the digital divide, inspiring students toward innovation and entrepreneurship, providing insights into career opportunities in the telecom and IT sectors, and encouraging responsible and ethical use of technology as future digital citizens
