The event was designed as a platform to inspire and educate young minds by highlighting the real-life stories, challenges, and milestones of entrepreneurs who have carved a niche for themselves in the competitive business world. The primary objective of SHIKHAR was to expose students to the dynamic entrepreneurial ecosystem and help them understand the nuances of business ideation, risk-taking, resilience, and innovation. It aimed to bridge the gap between theoretical learning and practical entrepreneurial experience by providing direct interaction with industry practitioners and successful entrepreneurs.

The event was convened by Dr. Angad Tiwari and Dr. Pompidas Sengupta, under whose guidance the conference was executed with precision and enthusiasm. The coordination team included Dr. Ankita Singh, Dr. Vijyata, Dr. Sudeshna Sarkar, Mr. Atul Pathak, and Mr. Nishant Kumar, who worked meticulously to ensure smooth planning, communication, and on-ground execution. The theme, “Journey of Entrepreneurs,” was brought to life through impactful sessions delivered by a series of guest speakers from various business domains who shared their personal and professional entrepreneurial journeys. Their stories of humble beginnings, calculated risks, failures, perseverance, and ultimate success resonated deeply with the audience and painted a realistic picture of what it means to be an entrepreneur in today's evolving economy.

Approximately 400 participants, including undergraduate and postgraduate students, faculty members, startup enthusiasts, and invited guests, attended the conference. The event saw enthusiastic engagement, with students actively participating in Q&A sessions, networking breaks, and one-on-one interactions with speakers.
