INDUSTRIAL VISIT TO TATA CUMMINS

Date of Event	20-03-2025
Name of the Event	Industrial Visit to Tata Cummins
Type of the Event	Experiential Learning; Session by External Industry Expert
Conducted by	Department of Management - MBA
No. of Participants	41 (Targeted group - II Semester, MBA; 2024-26 Batch)

OBJECTIVES:

1. **Understanding Operations Management:** To gain insights into the manufacturing processes and operational efficiency strategies employed by Tata Cummins.
2. **Exploring Real-World Applications:** To observe the application of theoretical concepts like supply chain management, quality control, and lean manufacturing in a corporate setting.
3. **Learning about Organizational Culture:** To experience the work culture, leadership practices, and employee engagement initiatives of a renowned organization.
4. **Exposure to Industry Practices:** To familiarize students with the latest technologies, machinery, and industrial practices in the automobile and power generation sectors.
5. **Understanding Sustainability:** To observe how Tata Cummins integrates sustainability and corporate social responsibility into its business model.

DETAILS:

Students of Department of Management – MBA of ARKA Jain University visited Tata Cummins at Telco, Jamshedpur gained a comprehensive understanding of their operations and innovations. Understood Tata Cummins is a joint venture between Tata Motors Limited and Cummins Inc., specializing in manufacturing high-performance diesel engines for commercial vehicles and industrial applications. Interaction sessions with the company's management team or department heads provide insights into leadership, decision-making, and operational strategies. They also learnt from the expert talk of Mr. Rajeev Gupta Officer- Government Relations on overview of the Company and understood the integration of cutting edge technology in commercial vehicles.

From the expert Talk of Mr. Rama Rao Senior Engineer, students got to know about the partnership between Tata Motors and Cummins Inc., which has been pivotal in introducing innovative propulsion technologies in India. They gained insights into Tata Cummins' efforts in aligning with India's Green Hydrogen Mission and their contributions to achieving net-zero carbon emissions. The students also experienced Tata Cummins emphasis on employee engagement, health, and safety measures helps students understand corporate culture. They also observed how Tata Cummins manages its supply chain, logistics, and vendor relations can help students understand practical aspects of supply chain management.

KEY TAKEAWAYS:

1. By visiting Tata Cummins Telco, students learnt new things related to technological Insights and sustainability, observed the integration of cutting-edge technologies in the production of engines for medium and heavy commercial vehicles. Bridging the gap between theoretical concepts and real-world applications.
2. Gaining practical knowledge of manufacturing and operations management.
3. Understanding strategies for innovation and competitiveness in the automobile industry.
