ANALYSIS OF UNION BUDGET 2025

| | |
|---------------------|------------------------------------------------------------------------------------------------|
| Date of Event | 18-03-2025 (Starting from) |
| Name of the Event | A 44-HOURS CERTIFICATION COURSE 'SAP FICO' |
| Type of the Event | MOU Activity(3.7.2), Collaborative Activity (3.7.1) ,Awareness of Trends in Technology (5.1.3) |
| Conducted by | Prof. Shailesh Kumar Dubey |
| No. Of Participants | 49 (Target Group – MBA Semester II & IV) |

OBJECTIVE:**Target Group –MBA Semester II & IV**

- To provide comprehensive knowledge and hands-on experience in SAP FICO, covering both financial accounting and controlling.
- To equip students with practical skills to effectively use SAP FICO software, enabling them to analyze and manage financial data in real-world business scenarios.
- To enhance students' employability by developing technical proficiency in SAP FICO and related accounting concepts, preparing them for roles in finance and business analytics.

DETAILS:

The **SAP FICO Training Program** commenced with an introduction to **ERP Systems**, emphasizing the significance and advantages of SAP FICO in modern financial management. The course highlighted the importance of SAP FICO in managing financial transactions and accounting processes efficiently.

The training covered the following key modules:

1. **Introduction to ERP and SAP FICO:** Understanding the need for ERP systems and the role of SAP FICO in financial accounting and controlling.
2. **Financial Accounting (FI) Basics:** Setting up company codes, fiscal year variants, and chart of accounts.
3. **General Ledger Accounting:** Creation and maintenance of general ledger accounts and financial statements.
4. **Accounts Payable and Receivable:** Managing vendor and customer accounts, processing invoices, payments, and dunning.
5. **Asset Accounting:** Handling asset acquisition, depreciation, and retirement.
6. **Controlling (CO) Basics:** Setting up controlling areas, cost elements, and cost centers.
7. **Profit Center Accounting:** Creation and analysis of profit centers and reporting.
8. **Integration with Other Modules:** Understanding the integration of SAP FICO with MM (Material Management) and SD (Sales and Distribution).
9. **Practical Application and Case Studies:** Real-world case studies to develop hands-on skills.

Throughout the course, students actively participated in practical sessions, solving real-time scenarios and analyzing case studies to apply their learning effectively. They gained exposure to **live projects** to enhance their hands-on experience and developed critical thinking and analytical skills.

OUTCOME:

By the end of the training, students achieved the following learning outcomes:

- **Mastery of SAP FICO:** Acquired comprehensive knowledge of financial accounting and controlling processes within the SAP framework.
- **Practical Application Skills:** Gained hands-on experience through real-world projects and case studies, fostering problem-solving and analytical thinking.
- **Enhanced Employability:** Improved job prospects as **SAP FICO consultants, financial analysts, and business accountants** in leading firms.
- **Technical Proficiency:** Developed technical skills to manage financial transactions, asset accounting, and profit center analysis.
- **Integration Knowledge:** Learned the integration of SAP FICO with other SAP modules, enabling holistic financial management.
- **Certification Advantage:** Earned a globally recognized **SAP FICO Certification** to validate their expertise and skill set.

This training not only empowered students with cutting-edge SAP FICO skills but also prepared them to tackle practical challenges in the financial domain, positioning them for lucrative career opportunities in reputed companies.
