30 -hours Value Added Course on Time Management

Date of Event	25.04.2025 - 29.05.2025
Name of the Event	30 -hours Value Added Course on Time Management
Type of the Event	Value Added Course(Skill Development)
Conducted by	School of Nursing
No. Of Participants	105

OBJECTIVE:

The objective of the Value-Added Course on Time Management is to equip nursing students with the skills and strategies necessary to effectively manage their time in both academic and clinical settings. The course aims to enhance students' ability to prioritize tasks, set achievable goals, create structured schedules, and overcome procrastination. By fostering self-discipline and promoting efficient use of time, the course seeks to reduce stress, improve productivity, and help students maintain a healthy balance between their academic responsibilities and personal life.

DETAILS:

The School of Nursing, ARKA JAIN University successfully conducted a 30 hours Value-Added Course on Time Management from 25th April to 29th May 2025 in hybrid mode, under the coordination of Ms. Priyanka Tudu. The course was jointly instructed by Ms. Priyanka Tudu (Assistant Professor, School of Nursing ARKA JAIN University), and Ms. Anshumala Xalxo, (Nursing Tutor, St. Joseph's Nursing College), various theoretical and practical aspects relevant to the topic was discussed and performed during the conduction of the course. The course was designed to equip nursing students with essential time management skills to enhance their academic performance, clinical efficiency, and personal productivity. Sessions were delivered through a blend of online lectures and offline mode, covering key topics such as goal setting, prioritization, scheduling, and overcoming procrastination. Participants engaged actively through interactive discussions, practical exercises, and self-assessment activities. The course received positive feedback from students for its relevance and impact, contributing significantly to their overall professional development.

By the end of the course, participants may be able to:

- Understand time management principles, including the importance of planning and prioritization.
- Identify common obstacles to effective time management, such as procrastination, distractions, and poor planning.
- Analyze various techniques for prioritizing tasks and goals.
- Apply various time management tools, including to-do lists, schedules, and action plans.

- Evaluate time management techniques and improve the overall productivity and ability to achieve their goals efficiently.
- Design time management schedule that can help to reduce stress levels by allowing individuals to better control their workload and prioritize tasks.

TAKEAWAY (OUTCOMES):

The Value-Added Course on Time Management helped students develop essential skills to prioritize tasks, set goals, and manage their time effectively. As a result, they became more organized, productive, and confident in balancing academic, clinical, and personal responsibilities. The course also encouraged self-discipline and reduced stress, contributing to their overall professional growth.
