

NOTICE
SCHOOL OF NURSING

Ref. No: AJU/SON/101/25

Date: 19/05/2025

This is to inform you all that the students of 5th Semester of B.Sc. Nursing Session 2022-2026 that your **Model Presentation cum Exhibition for Child Health Nursing I** will be held on 31/05/25 at Room No 117 classroom in the form of participative learning.

Learning outcome: After the model presentation & exhibition the students will be able to

- Identify key physical, cognitive, social, and emotional developmental milestones in infants and children.
- Perform a systematic and holistic assessment of pediatric patients (physical, emotional, social).
- Describe the structure, function, and types of incubators used in neonatal care.
- Explain the mechanism, indications, and types of phototherapy used for neonatal jaundice.
- Demonstrate knowledge of the National Immunization Schedule and vaccines administered at various pediatric ages.
- Identify the contents of a pediatric emergency trolley and their clinical uses.
- Describe different types of restraints (physical, mechanical) used in pediatric settings.
- Demonstrate proper application of restraints with focus on child safety, comfort, and legal/ethical considerations.
- Recognize the role of therapeutic and developmental play in child health and recovery.
