AN EDUCATIONAL VISIT TO RUSSI MODY- CENTER FOR EXCELLENCE AND PN BOSE GEOLOGICAL CENTER

Date of Event	18.08.2025
Name of the Event	An Educational Visit to Russi Mody Center for Excellence and PN Bose Geological Center
Type of the Event	An Extension Activity
Conducted by	Ms. Bhavana Kumari and Ms. Debangini, Department of Optometry, ARKA JAIN University
No. Of Student's Participants	17

OBJECTIVE:

On August 18, 2025, the Department of Optometry at Arka Jain University, Jamshedpur, organized an educational trip for the 1st Year Optometry students aimed at enhancing their practical knowledge and providing experiential learning beyond the classroom environment. The primary goal of the trip was to offer students an opportunity to gain hands-on exposure and a broader understanding of relevant scientific and professional domains. This initiative was designed to complement theoretical studies with real-world insights, thereby fostering holistic academic growth.

DETAILS:

The Department of Optometry, School of Allied Health Sciences, organized an enriching educational trip for the 1st Year Optometry students on 18th August 2025. This initiative was aimed at providing students to broadening their understanding beyond the traditional classroom setting. The trip included visits to two significant centers in Jamshedpur: **the Rusi Modi Centre for Excellence** and the **P. N. Bose Geological Centre**. The Rusi Modi Centre is renowned for its focus on excellence and innovation, offering students a unique opportunity to observe and to know about the city they are living, how it is developed. Following this, the students visited the P. N. Bose Geological Centre, where they gained insights into geological sciences, exploring how these principles intersect with health sciences and environmental factors. The visit was carefully coordinated by faculty members Ms. Bhavana and Ms. Debangini, who ensured the students were well-guided and engaged throughout the experience. Reporting commenced at 10 am, with all first-year students participating as part of their academic enrichment program. Overall, the educational trip was a resounding success, fulfilling its objective to provide a holistic learning experience, and reinforcing the department's commitment to nurturing well-rounded healthcare professionals

TAKEAWAY (OUTCOMES):

The educational trip provided the first-year Optometry students with valuable real-world insights that extended far beyond textbook learning. By visiting the Rusi Modi Centre for

Excellence, students were exposed to the history of the city Tata, and professional environments that demonstrated the relevance of discipline, research, and continuous improvement. At the P. N. Bose Geological Centre, they gained a broader understanding of how environmental and geological sciences. This experience helped students in gaining the wonderful history about Tata's. It also promoted teamwork, curiosity, and interdisciplinary awareness—essential traits for future healthcare professionals. Overall, the trip successfully enriched the students' academic journey and instilled a greater sense of purpose, direction, and enthusiasm for their chosen field.
