

NOTICE

Ref. No: AJU/SON/111/25

Date: 28/05/2025

Subject: Unauthorised Absenteeism from Child Health Nursing Posting

Date: 28.05.2025

To: Fifth Semester B. Sc. Nursing Students (Session 2022-2026)

From: Prof Shilpa J, Vice Principal, Department of Child Health Nursing

It has been observed with concern that several students have been absent from their Child Health Nursing clinical postings on 28.05.2025, **without prior intimation or valid reason**. These postings are **crucial** to your professional training, as they provide essential exposure to pediatric care and enhance your practical skills, responsibility, and decision-making as future nurses.

Unauthorised absenteeism will not be tolerated.

In view of this, students who have remained absent without informing the faculty/Mentor/ Class coordinator are hereby instructed to **complete 10 days of compensatory duty** in the Child Health Nursing Ward before the End Semester University examinations of 5th Sem. This duty is mandatory and serves both as a corrective measure and as a reminder of the significance of punctuality and commitment in clinical training.

All students concerned are required to report to the Child Health Nursing faculty/ coordinator by 29th of May 2025 to receive their compensatory duty schedule.

Failure to comply with this directive may result in disciplinary action and could affect your internal assessment marks and eligibility for examinations.

Let this be a reminder to all students that regular attendance and responsible conduct are not only institutional requirements but also professional obligations. Your participation in every clinical posting directly impacts your competence and the quality of care you will provide as a nurse.
