Orientation Week

DAY 1

The first day of my Orientation felt completely new for me. I was nervous but also excited. As soon as I entered the JEH Auditorium, everything looked big and full of energy.

Our Principal Anu Mishra welcomed us with a very inspiring speech. Her words gave me confidence and made me feel that I am starting an important journey.

After that we had an address by Prof. (Dr.) Anand Tiwari, Pro Vice-Chancellor, ARKA JAIN University. He explained the importance of nursing in today's world and the way he spoke made me feel very proud of choosing this field. His words were strong, clear, and full of respect for nursing profession. Listening to him gave me a different level of motivation.

But the best part of DAY 1 for me was the Biography of Florence Nightingale performance. The seniors presented her life story so beautifully that it touched my heart deeply. For a moment, I felt truly proud to choose nursing. Her dedication, courage, and compassion inspired me a lot.

Overall, Day 1 made me feel that I am in the right place.

DAY 2

Day 2 was full of useful and informative sessions. We started with a welcome note and an address by our vice-principal Shilpa Mishra, which gave us a clear idea about the values and discipline of school of nursing.

There was also a session called "Stories of Florence Nightingale" where we were reminded of the challenges faced during COVID-19 and how nursing played an important role in saving lives. It made me realize how strong and important this profession truly is.

We then listened to Dr. Jasbir Singh Chahal's, Joint Registrar, JEH Jain University who spoke about the importance of discipline and positive attitude. After that, Dr. Anurag Kishor and Dr. Sunita Kumar shared their experiences of working in the hospital and which helped us understand the role of nursing in real-life situations.

The most inspiring part of the day was the session by Madhu Chaudhary, Nursing Superintendent, TMC Hospital. She talked about passion and commitment in nursing and how words motivate me a lot.

Overall, Day 2 helped me understand that nursing is not just about learning; it is about responsibility, behavior, and dedication.

DAY 3

Day 3 started with a refreshing yoga session conducted by Shilpa Mishra. Our vice-principal's presence and way of guiding the session made the morning peaceful and helped us feel relaxed and focused.

After that, we learned about different department level clubs, which showed how many activities and opportunities our college offers.

We also had a session on regulatory bodies like NMC, INC, and SMC.

Overall, the Day 3 was simple but very informative.

DAY 4

Day 4 was meaningful because we took part in the Tree plantation activity. We went to the community area where our teachers guided us in planting a small sapling with my own hands felt special. It made me realize how even a small action can help the environment. We also had a session on the Menace of Ragging where teachers clearly explained what ragging is and why it is strictly banned.

Our seniors performed a small act to show how harmful ragging can be and how it affects students mentally. Emotionally, the session made me feel safe because the college has strong rules and support systems to protect every student.

DAY 5

This was the most emotional and memorable day of entire Orientation week.

We visited an old age home and met many Grand mothers. Their smiles were so warm that it filled my heart. We gave them biscuits and spent time talking to them. In their eyes, I saw both happiness and hidden sadness. For a moment, I felt angry thinking how their own children left them. But the same time, I felt happy being how lovingly the staff was taking care for them. I remembered my own dad (grandpa) who passed away in August. In their smiles and eyes, I felt a part of him. This visit was very emotional for me.

We visited Tripathi Hospital and explored different departments. I learned new things about CMS and many hospital systems.

At night hospital we learned what happens on each floor. I also understood new terms like ER, ICU, PICU and many more.

The entire orientation week taught me many lessons. Everyday added something new to my understanding and confidence. I now feel proud and happy about choosing the nursing profession.
