## ROLE PLAY ON PREGNANCY INDUCED HYPERTENSION

<b>Date of Event</b>	<b>21.02.2026</b>
<b>Name of the Event</b>	<b>Role Play on Pregnancy Induced Hypertension</b>
<b>Type of the Event</b>	<b>Role Play, Interactive and Experiential Learning Program</b>
<b>Conducted by</b>	<b>School of Nursing</b>
<b>No. of Participants</b>	<b>40</b>

### **OBJECTIVE:**

To identify signs and symptoms of Pregnancy induced hypertension (PIH), demonstrate assessment and nursing management of PIH and provide health education to antenatal mother and family.

### **DETAILS:**

The School of Nursing organized a Role Play on Pregnancy Induced Hypertension (PIH) for B.Sc. Nursing VII semester (Batch 2022-2026) in BLOCK A Room No. 133 from 12:00pm - 1:00pm. Students actively participated in the role play by portraying different roles such as staff nurse, pregnant woman, husband, doctor. The role play began with a simulated antenatal outpatient department scenario where a pregnant woman presented with complaints of headache, swelling of feet, and blurred vision. The staff nurse performed antenatal assessment including blood pressure monitoring and urine testing, which revealed high blood pressure and proteinuria. The doctor explained the diagnosis of Pregnancy Induced Hypertension, possible complications, and the importance of early treatment. Health education was also emphasized, where students explained warning signs requiring immediate medical attention and the importance of regular antenatal check-ups. The role play was highly interactive and helped students translate theoretical knowledge into practical understanding. It improved communication skills, teamwork, critical thinking, and patient education abilities. The event was made possible through the combined efforts of the Principal, Prof. Mrs. Ginu Anie Joseph & Vice Principal, Prof. Mrs. Shilpa. J along with the Event coordinator.

### **TAKEAWAY (OUTCOMES):**

Students learnt to utilize caring, critical thinking to synthesis Knowledge derived from physical, biological, behavioural sciences and humanities, in the practice of professional nursing & midwifery and communicate effectively with patients, peers and all health care providers.
