INDUSTRIAL VISIT- TRILOCHAN NETRALAYA

Date of Event	20.02.2026- 23.02.2026
Name of the Event	Industrial Visit to Trilochan Netralaya
Type of the Event	Outreach Activity/ Collaborative Activity
Conducted by	Department of Optometry, ARKA JAIN University in collaboration with MoU partner- Trilochan Netralaya, Sambalpur, Odisha
No. of Participants	38

OBJECTIVE:

The objective of the Industrial Visit focusses on growing clinical exposure. The visit addresses the gap between theoretical and clinical knowledge that will help them to understand not only the standard operating protocols better, but also the smooth functioning of the machineries

ABOUT THE EVENT:

38 students from the Department of Optometry and Vision Science, Arka Jain University, started their journey on the date of 20.02.2026, Day 1 from Jamshedpur to Trilochan Netralaya, Sambalpur, where their Industrial Visit was conducted. The event was conducted for 4 days, where the following programs were conducted:

Day 2(21.02.2026): A fresh beginning of the event was given with a conference followed by poster/ model competition, where renowned lecturers, pioneers and clinicians in the field of Optometry, various field specialist like Dispensing, Binocular Vision, Contact lens, Low Vision, Dr. Anita Arvind, Dr. Viswanathan S, Dr. Namratha Hegde, Mr. Gagan Sahni, Prof. (Dr) Biswajit Mandal, Mr. Sarbojeet Goswami, shared their valuable knowledge and ideas on the stage. Our students won the title of poster competition, Model competition and also the quiz competition.

Day 3(22.02.2026): The second day was allotted for a workshop, which was followed by the conference. Our students got exposure to the hands on practice to various field such as Dispensing, Binocular vision, Low vision Aids, Contact lens insertion- removal practice, vision therapy, where they understood the importance and principle of each department.

Day 4(23.02.2024): The day started with visit to Hospital main centers which were running under Trilochan Netralaya. The students were introduced to OT, OPD, and Optical

dispensing where they understand the importance of sanitisation and sterilization to be maintained when a professional is inside an Operation Theatre. Moreover, as a bonus, they also got an opportunity to witness a phaco emulsification, pterygium surgery. Later on that date, we started our returning journey from Sambalpur to Tatanagar.

TAKEAWAY (OUTCOME):

Industrial visits are generally organised to provide the budding optometry students a field experience on how the medical system operates. Having a basic idea of this will not only help them easily cope with the OPD setup protocols but also eventually help them choose their individual field of interest. Conferences and seminars by renowned clinicians and professors before starting an Industrial visit would help them gain basic knowledge of the system to start with, which will eventually lead to better learning.

CONCLUSION:

With the visit to the hospital Trilochan Netralaya, the students got new experience of the medical industry, better understanding of the world of the work to be done by them in future. The students were able to compare the knowledge acquired in college to the working world of the health sector. Observations were carried out under real and direct inspection of the mentors, which brought their professional skills to a new level, which will eventually prove beneficial for society.
