OBSERVATIONAL VISIT TO THE CENTRAL STERILE SERVICES DEPARTMENT (CSSD)

Date of Event	23.03.2026
Name of the Event	Observational visit to Central sterile services department
Type of the Event	Experiential Learning
Conducted by	School of Nursing
No. of Participants	21

OBJECTIVE: To know about the supply of Sterile Instruments, Linen packs basins, and other sterile items.

DETAILS: School of Nursing, Arka Jain University conducted an observational visit to the CSSD at Tinplate Hospital, Jamshedpur, on 23th March 2026, commencing at 10:00 AM. The B.Sc. Nursing 1st semester students Batch 2025–2029, accompanied by Ms. Rupali Sahoo, attended the visit. The CSSD In-charge provided a brief orientation about the department, its functions, and workflow. During the visit, students learned about various sterilization processes used for central medical equipment and instruments. They gained understanding of infection control protocols and procedures followed in healthcare settings. The session also included an explanation of quality assurance measures implemented in CSSD to ensure safety and effectiveness. Furthermore, students were introduced to bio-safety practices and biomedical waste management. The students also learned about the roles and responsibilities of CSSD personnel, as well as the workflow and organizational structure within the department. The visit proved to be an excellent learning experience, as students were able to observe and visualize the live sterilization process of healthcare equipment. An interactive session was conducted, allowing students to clarify their doubts and deepen their understanding. Overall, the program was successfully conducted under the supervision of Prof. Mrs. Ginu Anie Joseph (Principal) and Prof. Mrs. Shilpa J (Vice Principal).

Takeaway(Outcomes):

Each student was able to utilize the latest knowledge and skills related to healthcare practices and technology to enhance patient outcomes. Each was also able to minimize the risk of harm to patients and healthcare providers through improved system effectiveness and individual performance.
