

Circular

Ref. No. AJU/AD/ENGG/10/26-27

Date: 24.07.2026

This is to inform all **Diploma CSE 5th & 3rd Semester** students that an **Expert Lecture on “Mathematical Foundation of Machine learning using Python”** is scheduled to be held on **27.07.2026** from **7:00 PM to 8:00 PM**. The session is being organized by the Department of Computer Science & Engineering, School of Engineering and IT in collaboration with **Microsoft Learn Student Ambassador and GITHUB**.

The purpose of this expert lecture is to help students develop a strong conceptual understanding of the mathematical principles underlying machine learning models, enhance their analytical and problem-solving skills, and gain confidence in applying mathematical techniques using Python. The session will also demonstrate how these mathematical concepts can be implemented and visualized using Python, enabling students to effectively connect theoretical knowledge with practical applications. The session seeks to equip learners with the foundational knowledge required to understand, implement, and explore machine learning algorithms effectively in their academic and professional journey.

Date: 27th July, 2026

Mode: Online
