OBSERVATIONAL VISIT TO VACCINATION STORAGE UNIT

Date of Event	17.03.2026
Name of the Event	Observational visit to vaccine storage Unit
Type of the Event	Participative learning
Conducted by	ARKA JAIN University, School of Nursing
No. Of Participants	38

OBJECTIVE:

To understand the principles of vaccine storage and observe cold chain maintenance and temperature monitoring regarding handling and transportation of vaccines and also develop awareness about the importance of vaccine potency and safety.

DETAILS:

The School of Nursing, ARKA JAIN University, organized an observational visit to the vaccine storage unit at MGM Hospital, Dimna, Jamshedpur, for B.Sc. Nursing 3rd Semester students' batch (2024–2028). The visit aimed to provide practical exposure to vaccine storage practices and enhance students' understanding of cold chain maintenance in healthcare settings. The visit was conducted on 17th March 2026 and was led by Mr. Rohit Paul Lakra (Nursing Tutor) and Miss Madhumita Mandal (Nursing Tutor). During the visit, the staff nurse guided the students to the vaccine storage unit. She explained the importance of proper vaccine storage and demonstrated the maintenance of the cold chain system, including the use of refrigerators, temperature monitoring devices, and storage protocols. The significance of maintaining the required temperature range to preserve vaccine efficacy was emphasized. She also explained proper handling, storage arrangement, and precautions to prevent contamination and wastage. The staff nurse interacted with the students and patiently clarified all their doubts, making the session highly informative and engaging.

TAKEAWAY (OUTCOMES):

This visit enhanced their practical knowledge and helped them understand the importance of proper vaccine storage in ensuring effective immunization and patient safety.
