OBSERVATIONAL VISIT TO RUSTUMJI P. PATEL CHESHIRE HOME

Date of Event	11.03.2026
Name of the Event	Observational Visit to R P Patel Cheshire Home
Type of the Event	Experiential Learning
Conducted by	School of Nursing, ARKA JAIN University
No. of Participants	49

OBJECTIVE:

To understand the living conditions and overall well-being of elderly residents, assess their physical, mental, and emotional health status, and identify common health problems faced by them.

DETAILS:

The School of Nursing, ARKA JAIN University, organized an observational visit for the B.Sc. Nursing 1st Semester (2025–2029) students on 11.03.2026 at 9:00 AM as part of their academic curriculum. The purpose of the visit was to provide students with practical exposure to the care and support provided to individuals with illness, disabilities and mental challenges. They observed the daily routine, facilities, and services offered to the residents. The students also gained insight into the physical, psychological, and social challenges faced by individuals living with disabilities and chronic illnesses. A key highlight of the visit was the interaction between the students and the residents. The students spent quality time engaging with them through conversations and recreational activities, which helped in building empathy and understanding. The visit was both educational and emotionally enriching. It helped students develop a compassionate attitude, improve their communication skills, and understand the importance of holistic care in rehabilitation settings. Overall, the experience was meaningful and contributed significantly to their learning and personal growth. We are grateful to Prof. Mrs. Ginu Anie Joseph, Principal, and Prof. Shilpa J vice Principal, for their support, guidance, and motivation in organizing this observational visit. The visit concluded successfully and provided valuable learning outcomes for the students.

TAKEAWAY (OUTCOMES):

The students understood the functioning of a rehabilitation center and learned about the physical, mental, and social needs of patients & helped them understand the impact of illness and disability on patients and their families, while enhancing their empathy, communication skills, and caring attitude.
