NOTICE SCHOOL OF NURSING

Ref. No: AJU/SON/157/26

Date: 24/03/2026

This is to inform all concerned students that the School of Nursing is organizing a **Demonstration on Preparation and Administration of Oral Rehydration Solution (ORS)** in a hospital setting as part of Child Health Nursing- I clinical training.

The session is designed as a **Skill-Based, Demonstration-Based, and Experiential Learning Activity**, aimed at developing competency in the preparation, administration, and patient education regarding ORS in the management of dehydration.

Target Audience: Mothers and guardians of hospitalized children, along with staff nurses of the Pediatric Wards

Date: 26th March 2026

Venue: Mahatma Gandhi Memorial Medical College and Hospital

All students are strictly instructed to attend the session in proper clinical uniform and maintain discipline, professional behaviour, and hospital protocol during the demonstration. Active participation and Patient Interaction is mandatory and looking forward in making this session effective and successful.

DEMONSTRATION ON PREPARATION AND ADMINISTRATION OF ORAL REHYDRATION SOLUTION

Date of Event	26.03.2026
Name of the Event	Demonstration on Preparation and Administration of Oral Rehydration Solution
Type of the Event	Skill-Based, Demonstration-Based, Experiential Learning Activity
Conducted by	School of Nursing, ARKA JAIN University
No. of Participants	40

OBJECTIVE:

To educate mothers, caregivers, and nursing personnel on proper ORS preparation and administration, promote awareness of dehydration prevention in children, and strengthen practical skills to support improved child health outcomes.

DETAILS:

The School of Nursing, ARKA JAIN University, organized a Session on Oral Rehydration Solution (ORS) Preparation at the Pediatric Ward of Mahatma Gandhi Memorial Medical College and Hospital, conducted by Vth Semester B.Sc. Nursing students as part of their academic learning under the guidance of Prof. Shilpa J., Vice Principal and Unit In-charge, and under the supervision of Ms. Disha Bhattacharyya, Clinical Supervisor. The programme followed a demonstration-based and participatory learning approach, where students effectively demonstrated the preparation and administration of Oral Rehydration Solution (ORS), emphasizing its importance in preventing dehydration and managing diarrheal conditions, while actively engaging mothers, caregivers, and staff nurses in an interactive learning environment. The session proved highly beneficial in enhancing the knowledge and practical understanding of both caregivers and nursing staff, with students showcasing strong communication, teamwork, and professional competence, while fostering awareness and promoting timely intervention for child health. The success of the programme reflects the visionary leadership of our Principal, Prof. (Mrs.) Ginu Anie Joseph, and the continuous support of our Honourable Chairman, Prof. Dr. S. S. Razi, thereby strengthening hospital-oriented and skill-based nursing education.

TAKEAWAY (OUTCOMES):

The session proved to be highly beneficial, as it enhanced practical understanding of ORS preparation through an interactive and demonstration-based approach, reinforcing the importance of proper hydration in child care.
