JharkhandNOTICE
SCHOOL OF NURSING

Ref. No: AJU/SON/159/26

Date: 24/03/2026

This is to inform all concerned students that the School of Nursing is organizing a **Practical Demonstration Session on Growth and Development of Toddler** as part of Child Health Nursing I.

The session is designed as a **Demonstration-Based, Skill-Based, and Experiential Learning Activity**, aimed at enhancing students' understanding and clinical skills in assessing growth parameters and developmental milestones of **toddler**.

Target Audience: B.Sc. Nursing 5th Semester Students (Batch 2023–2027) posted in the Pediatric Wards

Date: 26th March 2026

Venue: Mahatma Gandhi Memorial Medical College and Hospital

All students are strictly instructed to attend the session in proper clinical uniform and maintain discipline, professional behaviour, and hospital protocol during the demonstration. Active participation and Patient Interaction is mandatory and looking forward in making this session effective and successful.

DEMONSTRATION SESSION ON GROWTH AND DEVELOPMENT OF TODDLER

Date of Event	26.03.2026
Name of the Event	Demonstration Session on Growth and Development of Toddler
Type of the Event	Demonstration & Skill Based, Experiential Learning Activity
Conducted by	School of Nursing, ARKA JAIN University
No. of Participants	40

OBJECTIVE:

To educate mothers, caregivers, and nursing personnel on assessing toddler growth and development, promote awareness of proper measurement and observation techniques, and strengthen practical skills to support optimal child health outcomes.

DETAILS:

The School of Nursing, ARKA JAIN University, organized a Session on Growth and Development Assessment of Toddlers at the Pediatric Ward of Mahatma Gandhi Memorial Medical College and Hospital, conducted by Vth Semester B.Sc. Nursing students as part of their academic learning under the guidance of Prof. Shilpa J., Vice Principal and Unit In-Charge, and under the supervision of Ms. Disha Bhattacharyya, Clinical Supervisor. The programme followed a demonstration-based, skill-oriented, and experiential learning approach, where students effectively demonstrated measurement and observation techniques for assessing toddler growth and development, emphasizing the importance of accurate evaluation and child-centered care, while actively engaging mothers, caregivers, and staff nurses in an interactive learning environment. The session proved highly beneficial in enhancing the knowledge and practical skills of both caregivers and nursing staff, with students showcasing strong communication, teamwork, and professional competence, while fostering awareness and promoting optimal child health outcomes. The success of the programme reflects the visionary leadership of our Principal, Prof. (Mrs.) Ginu Anie Joseph, and the continuous support of our Honourable Chairman, Prof. Dr. S. S. Razi, thereby strengthening hospital-oriented, skill-based, and experiential nursing education.

TAKEAWAY (OUTCOMES):

The session proved highly beneficial, enhancing practical understanding of toddler growth and development through an interactive, demonstration-based approach, reinforcing the importance of accurate assessment and child-centered care.
