NOTICE SCHOOL OF NURSING

Ref. No: AJU/SON/163/26

Date: 24/03/2026

This is to inform all concerned students that the School of Nursing is organizing a **Health Education Talk on Snake Bite** as part of Child Health Nursing-I.

The session is designed as a **Health Education-Based, Skill-Oriented, and Experiential Learning Activity**, aimed at enhancing students' knowledge and communication skills in the prevention, first aid, and management of snake bite..

Target Audience Mothers and guardians of hospitalized children, along with staff nurses & B.Sc. Nursing 5th Semester Students (Batch 2023-2027) posted in the Pediatric Wards

Date: 26th March 2026

Venue: Mahatma Gandhi Memorial Medical College and Hospital

All students are strictly instructed to attend the session in proper clinical uniform and maintain discipline, professional behaviour, and hospital protocol during the demonstration. Active participation and Patient Interaction is mandatory and looking forward in making this session effective and successful.

HEALTH EDUCATION TALK ON SNAKE BITE

Date of Event	25.03.2026
Name of the Event	Health Education Talk on Snake Bite
Type of the Event	Health Education Based Skill-Oriented, Experiential Learning Activity
Conducted by	School of Nursing, ARKA JAIN University
No. of Participants	41

OBJECTIVE:

To educate mothers, caregivers, and nursing personnel on snake bite prevention and first aid, promote awareness of timely management of envenomation in children, and strengthen practical skills to support improved Pediatric health outcomes.

DETAILS:

The School of Nursing, ARKA JAIN University, organized a session on Snake Bite Awareness and First Aid at the Pediatric Ward of Mahatma Gandhi Memorial Medical College and Hospital on 25th March. The programme was conducted by Vth Semester B.Sc. Nursing students as part of their academic learning under the guidance of Prof. Shilpa J., Vice Principal and Unit In-Charge, and under the supervision of Ms. Disha Bhattacharyya, Clinical Supervisor. The session was thoughtfully planned in view of a Pediatric patient scheduled for discharge on the same day, providing an opportunity for students to deliver timely and relevant health education. The students were well-prepared and effectively presented awareness on prevention, early recognition, and first aid management of snake bites, while actively engaging mothers, caregivers, and staff nurses in an interactive learning environment. The session emphasized practical knowledge, patient safety, and awareness, thereby enhancing both patient education and students' clinical competencies. The programme proved highly beneficial in improving the knowledge and practical understanding of caregivers and nursing staff. Students demonstrated strong communication skills, teamwork, and professional competence, while promoting awareness and child safety in snake bite emergencies. The success of the programme reflects the visionary leadership of our Principal, Prof. (Mrs.) Ginu Anie Joseph, and the continuous support of our Honourable Chairman, Prof. Dr. S. S. Razi, thereby strengthening hospital-oriented and skill-based nursing education.

TAKEAWAY (OUTCOMES):

The session proved highly beneficial, enhancing practical understanding of snake bite prevention and first aid through an interactive, education-based approach, reinforcing the importance of timely intervention and child safety.
