EVENT REPORT - SAMVAAD: PARENT TEACHER MEETING

Date of Event	11.04.2026
Name of the Event	Parent Teacher Meeting (BCOM - Semester IV)
Type of the Event	SAMVAAD
Conducted by	Department of Commerce
No. Of Participants	04

OBJECTIVE: The primary objective of a parent-teacher meeting for undergraduate (UG) students in a university is to create a collaborative platform where faculty members and parents can discuss the academic progress, attendance, behaviour, and overall development of students. It aims to strengthen communication between the institution and families, ensuring that parents are aware of their ward's performance, strengths, and areas requiring improvement. Such meetings also help in identifying academic or personal challenges faced by students and allow for timely guidance and support.

DETAILS: The Parent-Teacher Meeting (PTM) at the undergraduate level serves as an important academic and developmental interface between the university and the parents. Although university students are considered independent learners, parental involvement still plays a crucial role in shaping their academic journey and overall personality development. One of the key objectives of the PTM is to provide a comprehensive review of the student's academic performance. Through PTMs, parents are informed about attendance shortages, behavioral issues (if any), and the student's attitude toward studies, enabling timely corrective actions.

Another significant objective of the PTM is to address attendance, punctuality, and discipline. Regular attendance is essential for effective learning and better subject understanding. During the meeting, parents are informed about attendance records, classroom conduct, and the student's seriousness toward academics. Such discussions help in taking timely corrective measures whenever required.

The PTM also focuses on career guidance, skill enhancement, and personality development. Faculty members share suggestions related to communication skills,

confidence building, internship opportunities, and future career planning. This creates a supportive environment where both parents and teachers can work together for the student's holistic development.

TAKEAWAY (OUTCOMES): The meeting witnessed the participation of the parents/guardians of Tanya Kumari, Aray Sai Ayush, Lucky Narayan, and Tanish Kharbanda. Their presence reflected active parental interest in the educational progress of their wards.

Feedback from Parents

- Parents of Tanya Kumari appreciated the efforts of faculty members and expressed satisfaction with the academic guidance provided by the university.
- Parents of Aray Sai Ayush shared positive feedback regarding discipline, regular mentoring, and the supportive learning environment.
- Parents of Lucky Narayan appreciated the transparent communication related to academic performance and attendance updates.
- Parents of Tanish Kharbanda expressed gratitude for the career-oriented guidance and encouragement given to students for future growth.

Overall, the PTM was conducted successfully and proved to be an effective initiative in strengthening collaboration between parents and the institution for the academic excellence and personal development of students.
